# SEF Shrewsbury Education Foundation

Granting Opportunities to All Shrewsbury Public School Students

## What Does SEF Do?

Through its all-volunteer effort supported by charitable contributions, SEF fills a vital gap for Shrewsbury students. SEF grants allow dedicated educators to create new learning vehicles that cannot be supported as financial resources have tightened. SEF grants encourage creative approaches to educating the whole child — further meeting their intellectual, psychosocial and health needs.

# Shrewsbury Education Foundation

The Shrewsbury Education Foundation (SEF) works to stimulate, strengthen and support the creation and implementation of innovative educational programs and enrichment activities that benefit students of the Shrewsbury Public Schools.

Since its inception in 1992, SEF has awarded over \$250,000 in grants to Shrewsbury Public Schools for innovative programs reaching students at every level, from preschool to high school.

## The Grant Process

Individuals and groups submit grant applications that describe the educational opportunity, the goals and objectives of the program, the number of students that will benefit from the program, implementation and evaluation plans, and a detailed budget. The SEF Board of Directors evaluates each application and awards grants annually based on merit and available funds.

## How Can You Help?

SEF funding comes from individual and corporate donations and our annual fundraising events, which have included social events, donations in a teacher's honor and a grant awards event.

Unfortunately, each year SEF receives grant applications in excess of available funds. This means that many innovative and valuable educational opportunities go unfunded.

We need your help to continue to provide Shrewsbury Public School students with innovative educational programs and enrichment activities. Join our efforts by making an individual or corporate donation, volunteering, and/or participating in an event.
